POT DISTILLED SINGLE BATCH BRANDY

It has been a long wait, but a worthwhile one, as we showcase our unique take on a bold classic – Penfolds Lot. 1990 Pot Distilled Single Batch Brandy.

Placed in barrels in 1990, our Brandy has been slowly maturing for nearly three decades. Finished with a splash of Grandfather Tawny, the result is an exceptional blend that delivers vibrancy and freshness to the palate, alongside complexity, richness and indulgence. It is a secret we've been holding for 28 years. Time to share it.

An intense and powerful combination of aromas that have integrated together so no individual dominates. Discovery is part of the indulgence.

The influence of the Grandfather liqueuring and oak is obvious adding further vitality and density to the aromas.
