BY
Penfolds

2023 SYRAH, GRENACHE, MOURVÈDRE

OVERVIEW

Introducing One by Penfolds. Designed in partnership with Human Made founder NIGO, One by Penfolds celebrates the idea of 'oneness'. Oneness embraces what makes us all different and unique, but also the things that bring us together – as represented by the winemaking regions from where the One by Penfolds range is made around the world. Sourced from the 2023 vintage, fruit for this wine was selected based on style and character from vineyards across South-Eastern Australia.

COUNTRY

Australia

VINEYARD REGION

South Australia

GRAPE VARIETY

Syrah, Grenache, Mourvèdre

WINE ANALYSIS

Alc: 14%, Acidity: 6.0 g/L, pH: 3.69

FOOD PAIRING

Duck & Potatoes

Moroccan Spiced
Lamb

Sicilian Pizza

COLOUR

Glossy crimson red

NOSE

A synergistic blend. Shiraz provides the sumptuous red and black fruits, preserved plums and liquorice. Grenache delves into the spice rack, with cardamom, cassia bark and all spice noted. Mataro plays an anchor role, delivering notes of savoury roasted coffee beans and rare roasted beef.

PALATE

All elements are well-integrated, a seamless and opulent palate. Plums, red currants and pomegranate flavours abound. Tannins sit nicely at the ripe end of the spectrum melding into the fruit to create a glossy milk chocolate texture.

VINTAGE CONDITIONS

Winter rainfall was above average, providing a solid foundation for spring budburst. October and November were significantly wetter and cooler than average, however no frost events were recorded. December was mild before a heat spike late in the month. Conditions for flowering were favourable. On balance, summer was close to long term average for both rainfall and temperature. The growing season was slow and steady, tracking at least a week later than the long-term average. Conditions were favourable during harvest, with high quality Shiraz, Grenache and Mataro parcels selected for inclusion in the One by Penfolds blend.

PEAK DRINKING

Now - 2029

LAST TASTED
